Business Interruption and Insurance

Business interruption insurance coverage may vary depending on the type of policy you have. Policyholders can contact their insurance agents, brokers, or carriers about their business interruption insurance coverage. Your policy should list or describe the types of events it covers. Events that are not listed on, or not described in, the policy are typically not covered. It is important to review the policy exclusions, coverage limits, and applicable deductibles.

If you have any questions after contacting your carrier, agent, or broker, you can contact the Indiana Department of Insurance by calling 1-800-622-4461 or emailing consumerservices@idoi.in.gov. The Department has information for consumers available on its website at: www.in.gov/idoi/3109.htm.

The Indiana Economic Development Corporation (IEDC) also continues to support businesses in partnership with local and regional organizations across the state.
