

Circular Management...Reimagined

Data Sheet

TIME COSTS MONEY

Eliminate data entry into Excel Spreadsheets and Dashboards. MyCircularActivity.com (MCA) is a cumulative data feed of all bureau circulars including Verisk (ISO), NCCI, AAIS, Independent Bureaus, DOI Bulletins and more.

TECHNOLOGY ENABLES EFFICIENCIES

Reduce lost emails and mismanagement of circulars. With MCA, users can assign tasks related to circulars, enter company decisions (Adopt, Non-adopt, etc.), link filings, add custom comments, capture a complete workflow related to each individual circular.

REPORTING IMPROVES COMPLIANCE

On-demand reports for management oversight, market conduct exams, user assignments, and outstanding actions. MCA allows for a variety of custom reports and exports, which provide insight into the activities and actions taken in relationship to and line of business, state, etc.
